That's hilarious and brilliant

Sent u Mitch's number.

I told him we are taking out every loan we have with them and sent him the term sheet for blue jay and Stradella from yesterday, the LOI from Dennis on Nottingham, the LOI from the other lender on the dirt which will close next week and told him about Citizens taking out their loan on Carroll Gardens. So he is aware that we have a path to remove all debt from their books.

He's also aware that I facilitated a bridge loan on baxter for 1.2M to cover their 600k, little less, currently owed as I paid 30k for 2401 Nottingham for August interest already, and that it is ready to fund upon signature which gets us current and provides some liquidity to pay current project expenses and overhead.

He's a good guy and has been more than accommodating with me this far and is only here to help and resolve this situation so we are current and all penalties will be waived and there will be no default interest charged. That's my concern and why I feel it's so imperative among other reasons that this gets sorted. He's standing by for your call
